KFS Adds Paul Margiotta as GM to oversee Dallas and Ft. Worth Operations

Thirty plus year industry veteran to oversee domestic and truckload operations.

KFS, Inc., a leading Forth Worth-based international and domestic logistics company announced the addition of Paul Margiotta as General Manager of its Dallas and Fort Worth, TX, operations.

Paul has over thirty years in the industry in sales, operations and management of less than truckload, full truckload and freight forwarding companies. Paul is reunited with SCL Group Chairman Bruce Galbraith.

"Paul was an important leader in my previous entrepreneurial activities," says Galbraith. "As SCL Group looks to expand on a great foundation at KFS, we are very confident that Paul will be an important part of the equation as we move forward. His experience and style will win the respect of our vendors, customers and employees. We are very happy to have him on the team."

For his part, Paul will be overseeing operations in Dallas and Fort Worth while building the domestic and truckload departments from an operational and sales perspective. Says Margiotta, "To join a successful company and to work with Bruce Galbraith again is a great opportunity for continued growth, expansion and our mutual success."
